

Add DDQ Rules Through UI

1. Open the Office GUI
2. Navigate to Rule Management > Rules (double-click) > DDQ Rules
3. Click on the 'Enable Table Editing' button
Enable Table Editing
4. Click on the 'Insert new row' button
Insert New Row
5. Add appropriate values to row
6. Click on the 'Save changes' button
Save Changes

Use the below table as a reference. Items should be entered in the same order
